**IMPORTANT** Package with legs is attached at the bottom of the sofa.

---

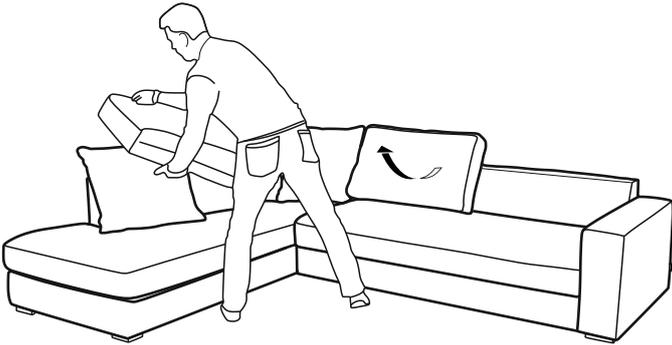

**IMPORTANT**

If you get modular sofa with open corner or chaiselong, you will get an extra pillow which you need put under the seat as shown in the pictures.

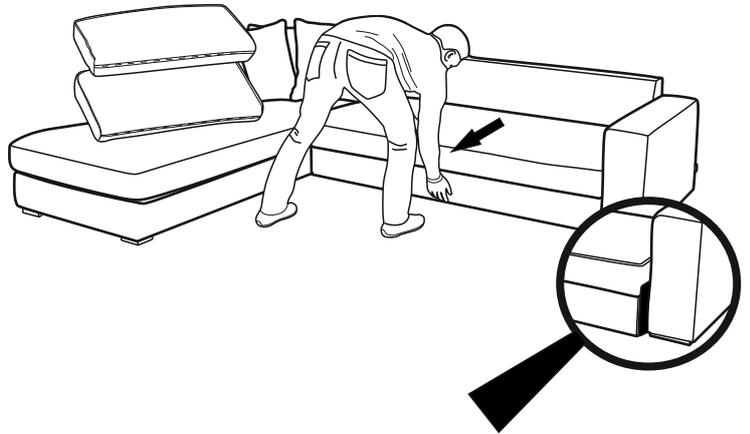

# Extension of bed mechanism

- 1** First of all you'd put pillows somewhere else so it doesn't interfere with a mechanism.

- 2** Unlock mechanism by grabbing in the middle on lower edge of upholstered frame and pull it into yourself.

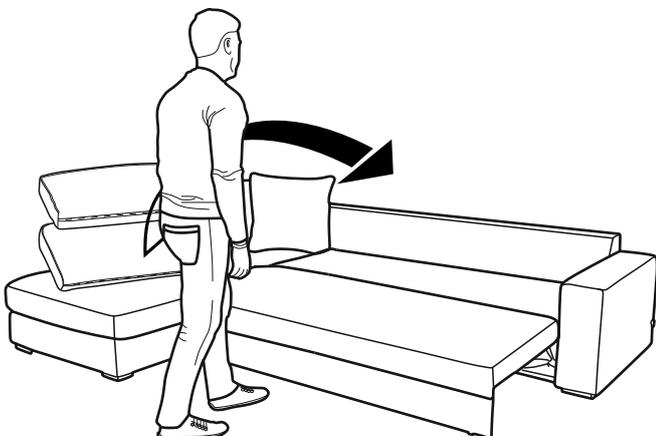

- 3** Once mechanism is unlocked you'll need to lift it up and pull it into you at the same time. Then you'll see a gap at the end of bed.

- 4** After you've fully extended bed mechanism, you'll need to lock it by raising and pulling in.

- 5** In the end after you're finished locking mechanism you can put your pillows back.

- 6** Congratulations you've made your sofa into bed. If you want you can keep it that way.

If you don't want or simply you don't need it anymore you can bring sofa back by going all shown steps backwards.
